SMGA Website User Manual

Version 2 – March 2022

This **Website User Manual** was developed to provide the SMGA's members with a document that could be easily searched and viewed for instructions on how to navigate the various sections of the SMGAHHI.COM website.

For information associated the Golf Genius – TM Event Portals, please see the **TM Online User's Manual**, a separate document that is also available from the SMGA Website.

Throughout this document, the Golf Genius-Tournament Management system will be referred to as "**TM**". This system was developed by Golf Genius. Some of the SMGA Member clubs use the term "**Golf Genius**" to refer to the system rather than **TM**. Either term can be used as they are the same system.

The SMGA Website “Home Page” is where all actions begin and where the user is returned to when they use the “HOME PAGE” link (in a golf ball) that appears on some of the other pages of the website.

The page has an active “banner” at the top with a moving message about current activities (red text on yellow background), and a second banner with a message at the bottom. Info about joining SMGA is at the yellow star link at the lower left. Local weather information can be obtained by the links at the left and right of the bottom banner message. The “Manuals and Tutorials” link at the bottom provide access to the User Manuals and EC Tutorials (see section below).

The row of green “tabs” below the top banner provide access to different sections of the SMGA website. Each tab will be further explained in separate sections of this document.

All actions associated with Golf Genius – TM are done through clicking on the “Event Sign Up & Payment” Golf Ball at the lower center of the page. The actions that can be performed on the TM “Event Portals” (their term for their web pages) are explained in a separate document – the “*TM Online User Manual*”.

The “Event Information” tab has six options as follows:

- Events Remaining – A listing of the events still to be played with the option to view the complete schedule (see the separate section below).
- Pairings and Tee Times – Once pairings have been created, they will appear here along with a listing of Alternates, if any (see the separate section below).
- Recent Results – A option to view the detailed results of the last event as well as a summary of year to date results (see the separate section below).
- Credits – A listing of the current Frequent Player Tournament “Points” for each member (see the separate section below).
- Announcements – A page to display announcements that are too long for the “banner”.
- Hole by Hole App Tutorial – A link to a YouTube video with a tutorial on using the TM mobile app to enter hole-by-hole scores during an event for a playing group.

The screenshot displays the website's navigation menu and a main content area. At the top right, a yellow bar contains the number '2'. Below it, a row of green buttons includes 'Event Information', 'Forms', 'General Information', 'Archives', and 'Email Us'. A dropdown menu is open under 'Event Information', listing 'Events Remaining', 'Pairings and Tee Times', 'Recent Results', 'Credits', 'Announcements', and 'Hole by Hole App Tutorial'. The 'Events Remaining' item is highlighted in orange, and a sub-menu is visible with 'Complete Event Schedule'. The background features a scenic view of a golf course with a red and white lighthouse. Overlaid on the image are several call-to-action elements: a yellow starburst with the text 'How do I Join SMGA? Click to Find Out', a white golf ball with 'Event Sign Up & Payment' in red, and a white box with 'Manuals and Tutorials'. At the bottom, a yellow bar contains 'Hourly Forecast' and 'Have Fr 10 Day Forecast'.

When the user selects the “Pairings and Tee Times” link, the display provided is a “dynamic frame” to the current information that exists in TM. The dynamic nature of the information shown means that as changes are made in TM, they will automatically be shown in this frame. **The Event Chairmen (EC) for the event are listed at the top right of the frame. Any changes or questions on the event should be directed to them.**

The display is shown “By Tee Times” and shows the: time; starting hole; player’s name, index, course handicap, tee used, and their SMGA ID #. Clicking on the “By Individual” will result in a display sorted by the player’s name. To search for a specific player, their name (or a portion of it) can be entered in the “Filter Players” box.

If there are “Alternates”, a separate dynamic frame will be displayed that will show those members. These members will be shown in the order that they registered, however, when an alternate is selected to replace a player, the selection from this list may be based on handicap index rather than First Come, First Served.

More detail on all actions available with the pairings display in the TM portal, please see the separate document, “**TM Online User's Manual,**” which is available through a link on the SMGA website.

The screenshot shows the website for the South Myrtle Golf Association (SMGA) on Hilton Head Island. At the top, there is a yellow navigation bar with five green buttons: "Event Information", "Forms", "General Information", "Archives", and "Email Us". Below this is a dropdown menu for "Event Information" with the following options: "Events Remaining", "Pairings and Tee Times", "Recent Results" (highlighted in orange), "Credits", "Announcements", and "Hole by Hole App Tutorial". A sub-menu for "Recent Results" is open, showing "YTD Results". The background of the page is a scenic view of a golf course with a lighthouse in the distance. In the foreground, there is a white golf ball with the text "Event Sign Up & Payment" in red. Below the ball is a white box with the text "Manuals and Tutorials". At the bottom, there are three yellow buttons: "Hourly Forecast", "Have Friends", and "10 Day Forecast".

When the user selects the “Recent Results” link, the detailed results of the most recently completed event are displayed. The option to see a summary of the results for each of the events played Year To Date (YTD) is also available as an option.

The following pages provide information on these two displays.

When the user selects the “Recent Results” link, the display provided is a “dynamic frame” to the current information that exists in TM. The dynamic nature of the information shown means that as changes are made in TM, they will automatically be shown in this frame.

There are three categories of results that can be displayed:

- Player Purse Summary – This listing will show the amount of Pro Shop Credit that the individual players who won a prize received for the event Tournament (this purse summary does not include any CTP prizes).
- 4-Man: Stableford – This listing will show the entire field sorted by Flight and position within the flight of all playing groups. In addition to the position and names of the players, their score and any purse award is shown. The title shown will be the tournament name for that event.
- Closest to Pin – This listing will show the prize awarded for any CTP winner. Some of these prizes could be Pro Shop Credit and others could be golf rounds.

More detail on all actions available with the detailed results display in the TM portal, please see the separate document, “*TM Online User's Manual*,” which is available through a link on the SMGA website.

Any "Hole in One" scored during the event is also shown. For those events where a Trophy is awarded, the Trophy Winner is also displayed.

The listing shows the latest event at the top. By scrolling down on the page, summary results of older events can be viewed.

SMGA FTP Points For 2022

SMGA is changing the term used for the recording of a member's event participation. FPT "Credits" will now be referred to as FPT "Points". This page shows each SMGA member how many FPT Points they have for the 2022 season. A player receives points for each event he plays in. It is sorted by points (high to low) then by name. The points that a member receives for playing in an event can be greater than 1 if it is a Trophy Event or an event where a higher number is used to encourage members to participate in the event. Invitations to Frequent Player Event will be extended based on their point standing at the end of the season. For questions, contact the SMGA Technical Associate - Fred McNamee @ 843-342-9284.

The SMGA has one event at the end of the season that is an "Invitation Only" event. This event is known as the Frequent Player Tournament (FPT). Invitations to this event will be extended to those members who have accumulated sufficient "credits" during the season to be in the top 15% (+/-) of the players with playing points during the season.

Players in an event during the season will have at least 1 point added to their account for each day of play. For some events, such as Trophy events, more than 1 point may be added. While the normal event has an "Open Registration" period with all members being able to register for the event, the FPT registration period will be restricted to those on the "Invitation List". Individual invitations will be emailed to members who are deemed eligible for the event and will contain a link to the registration portal. The format of the event is Individual Stroke Play, and the event is Flighted with 8 players in a Flight. To avoid confusion, all interactions with any TM portal are covered in a separate document, "**TM Online User's Manual**," which is also available through a link on the SMGA website.
